### Pilot Uses Car Lights To Land Crippled Plane

LAS VEGAS, N.M., March 10 (AP)—An alert airline dispatcher and a competent pilot early today averted what could have been a major airline disaster.

An unscheduled charter C46 out of Burbank, Calif., limping along on one of its two engines, landed at the almost-abandoned and unlit Las Vegas Municipal Airport at 3:38 a.m. today.

The charter craft from SSW Inc. of Burbank, Calif., carrying a total of 39 persons, took off from Albuquerque early today and a short time later lost power of one engine. Its nearest field was the Las Vegas airport, which does not have runway lights for night landings.

On duty at the airport was dispatcher Charles Brown. Hearing the plane's emergency call, he drove his automobile to the end of the runway. Pilot John Treher of Burbank, Calif., used the single pair of car lights to land the plane safely with one engine.

Aboard the C46 were 33 Naval reservists, one regular Navy man on leave and five flight crewmen.

## Watkins Hopes For Civil Rights Bill This Week

WASHINGTON, March 10 (AP)—Sen. Watkins (R-Utah) said today he hopes a Senate Judiciary subcommittee will be able to act on civil rights legislation before the end of the week. Sen. Ervin (D-NC) called this improbable.

The subcommittee completed hearings last week on the Eisenhower administration program and other civil rights proposals. The next step is for it to recommend a bill to the full Judiciary Committee, of which Sen. Eastland (D-Miss) is chairman.

Watkins said he hopes the subcommittee will have a measure to submit to a meeting of the full committee scheduled for March 18, a week from tomorrow.

### Knowland's Forecast

Senate Republican Leader Knowland of California predicted to newsmen that a civil rights bill might be reported out of the Judiciary Committee and brought up in the Senate in two weeks.

Knowland also said Republicans were going to fight for the administration's full program, including the power it would give the attorney general to go into federal courts for injunctions to enforce civil rights.

Other provisions of the administration plan would create a special commission to study civil rights problems, set up a civil rights division in the Justice Department, and provide for filing civil damage suits in federal courts in cases of alleged rights violations.

### Ervin Less Optimistic

Ervin, leading the opposition to the legislation within the Judiciary subcommittee, said he thought Knowland was being "unduly optimistic."

Some other senators on both sides of the issue have indicated doubt the legislation could be taken up in the Senate before the Easter recess starting April 18.

## Automatic Clothes Dryer Kills Child

HOUSTON, Tex., March 10 (AP)—An automatic clothes dryer killed a 3½-year-old boy today after he climbed into it and the device started.

David Dundas, son of Mr. and Mrs. Robert W. Dundas Jr., was dead on arrival at a hospital.

Deputy Coroner Howard Gosage said the boy had third degree burns over his entire body, his left leg was broken and he had severe cuts and bruises about the head and body.

## Teamster Boss Gives Newsmen Slip At Idlewild

WASHINGTON, March 10 (AP)—Dave Beck, globe-trotting Teamsters Union president, returned to the United States from Europe unannounced today and was expected to have a date soon with the Senate committee investigating racketeers.

The committee has been awaiting Beck's return to quiz him regarding the building and sale of his lavish home in Seattle as well as about operations of the big 1½ million-member Teamsters Union.

Beck arrived at New York's Idlewild Airport at 8:40 a.m. on a Swissair plane from Switzerland. He passed through public health, immigration and customs routines unknown to newsmen regularly assigned to the airport.

Before reporters could catch up with him, it was learned that Beck already had boarded another plane for Seattle.

### Newsmen Rebuffed

During a 35-minute stopover at his plane at Chicago, Beck refused to permit an interview or pose for pictures. A Northwest Airlines spokesman said Beck had refused a request made through him for a statement.

During the stop at Chicago, a newsman boarded the plane and saw a heavy-set man wearing dark goggles, who ducked behind a seat. Another man barred the aisle. Another newsman carrying a recording device was put off the plane by airline employees.

Sen. McClellan (D-Ark), chairman of the special committee on improper activities in labor or management, said he had not been advised officially of Beck's return to the country but commented:

"I just assume he will get in touch with the committee now that he is back."

### Subpoena Prepared

From committee sources it was learned that a subpoena has been prepared for service on the Teamsters president if he does not appear voluntarily within a few days. No definite time limit has been set, however.

Beck has been out of the country three times this year. He had been in Europe since February on his most recent trip.

The Teamsters Union has been under searching inquiry by McClellan's committee, particularly with reference to charges that some of its West Coast leaders teamed up with racketeers in an effort to control gambling and vice in Portland, Ore.

## Strong Quake Is Recorded

SAN DIEGO, Calif., March 10 (AP)—An earth disturbance starting at 7:28:15 p.m., Pacific Standard Time, and still continuing at 8:15 p.m. was recorded tonight.

Fred Robinson, seismologist, said the recorder indicated a very strong quake somewhere at 7:36 p.m. He said he was unable to estimate the direction or distance. It was not felt here.

## Seven Hurt As Airliner Flips Over, Skids On Back

LOUISVILLE, Ky., March 10 (AP)—Seven persons were injured, none seriously, when an Eastern Air Lines plane touched a Standiford Field runway, bounced 40 feet in the air, then overturned and skidded at least 100 feet on its back today.

Thirty-one passengers and three crew members were aboard the two-engine craft.

Cause of the crash was undetermined. Civil Aeronautics Board officials were investigating. Eastern officials would furnish no details.

One passenger, William A. Brown, 61, Birmingham, Ala., was described in satisfactory condition at a Louisville hospital.

Others treated for minor cuts and bruises and later released were:

Brown's wife, Mrs. Ruby Brown, 60; Robert Braun, 48, Huntsville, Ala.; William H. Wil-

**GUILTY BY ERROR** — A mistake in identification almost sent John F. Gilbert (left), 21, and Carmine J. Gotti, 22, to prison with sentences of 10-30 years. Here, they congratulate one another in Brooklyn, N. Y., on finally winning freedom. The pair was arrested in a diner six months ago, indicted, tried by jury and found guilty of a gas station holdup. A suspect in another crime confessed the holdup under police questioning.

## Six New Atom Subs Per Year Is Navy's Goal

WASHINGTON, March 10 (AP)—The Navy is heading its nuclear submarine program toward a broad-scale production basis, aiming at an eventual rate of a half-dozen launchings per year.

Figures made available by the Navy today showed that at least three atomic-powered submarines are scheduled for completion next year. By 1960, double that number may be produced as boats just beginning to be ordered and others which Congress has approved for building come into delivery.

### Two Now In Operation

Two a subs are now in operation—the pioneer Nautilus, which steamed more than 60,000 miles on its first charge of uranium fuel, and the Seawolf, which may go back into the yard for a new type of heat transfer system. Its present experimental type proved unsatisfactory.

The Navy records show estimated completion dates at various times during 1958 of three atomic submarines: the Skate, Swordfish and Sargo.

Some officials believe the Skate may be completed even before 1958, perhaps late this fall. That boat, like the first two atomic submarines, is being built at the Electric Boat Division of General Dynamics Corp., Groton, Conn.

### Other Yards To Build A-Subs

In expanding and broadening its atomic submarine construction base, the Navy is contracting with additional firms and navy yards, and the private yards of the Ingalls Shipbuilding Corp. and the Newport News Shipbuilding & Dry Dock Co. Still another order will go to a Navy shipyard shortly, bringing the total of boats under construction to 13.

mot, 40, Tooele, Utah; and Frank Span, 36, Nashville, Tenn. A woman and child who gave their names as Mrs. Stephan Foltz, 42, and her son, Stephan Jr., 4, of Louisville were taken to a hospital and released. Attendees said the two were only shaken up.

Passengers credited Andrew F. Andler of Chicago, with stopping any possible panic among passengers.

Andler said he tensed when the plane came down hard on the runway, bounced and then veered toward a muddy field.

"The next thing I knew, we were upside down with a lot of runway going by in a hurry. Then we stopped. That's about all."

A Louisville attorney—H. Solomon Horen, said, "He ought to get a medal of some kind. I thought he was a member of the crew the way he helped people after the crash. He was remarkable."

## Quake-Born Tidal Waves Strike Japan

Hawaiian Villages Wrecked; Damage Exceeds Million

(By The Associated Press)

Quake-born tidal waves, raised by shock forces shot up from the ocean floor at close to the speed of sound, flooded Japanese fishing villages Sunday several hours after the seismic surge wrecked two villages in Hawaii.

Twenty-six beach homes were destroyed on Kauai Island by the waves, caused by two massive under-the-ocean earthquakes near the Aleutians.

Five hours after the wave alert had ended on the U. S. West Coast, a surprise sweep of water raced into San Diego Bay Saturday night, smashing a boat slip on Shelter Island. The wave crest piled into San Diego Bay with a speed estimated at 2½ miles an hour.

### 4,000 Persons Stranded

Preliminary estimates of damage caused by the tidal waves in Hawaii exceeded a million dollars.

Hawaii's territorial governor, Samuel King, after an inspection flight over the hard-hit island of Kauai, said he would declare a 10-mile coastal section from Kalihiwai to Haena as a disaster area. Four thousand persons were stranded in the area by washed-out bridges.

The Red Cross opened a disaster headquarters at Waialua, Oahu, for persons made homeless by the waves.

### Reporter, Plane Pilot Killed

There were no confirmed casualties directly caused by the series of waves.

Warning alerts flashed around the Pacific evacuated threatened areas before the first wave hit in damaging force on Oahu and Kauai Islands.

Two persons sent up in a plane by the Honolulu Star-Bulletin to observe the tidal wave lost their lives when the plane crashed. Sarah Park, 29, reporter, was killed in the crash Saturday. The pilot, Paul O. Beam, an advertising executive and a World War II Associated Press reporter, died Sunday of multiple fractures. Jack Matsumoto, Star-Bulletin photographer, was severely injured.

## Price Increase Inquiry Slated

WASHINGTON, March 10 (AP)—Chairman Kefauver (D-Tenn) announced today the Senate Anti-trust and Monopoly subcommittee will investigate price increases in what he called "administered price" industries.

The senator said the "distinguishing characteristic" of these industries is "the possession of monopoly power by a few big companies which produce most of the industry's output."

In a statement announcing the investigation, Kefauver said that "much of the present inflationary spiral appears to arise from price increases in administered price industries."

Kefauver also said that in some of these industries "increases in prices have been accompanied by decreases in production," adding this means that the industry not only is charging the consumer higher prices but is providing fewer jobs for labor.

"This situation is particularly true in the field of farm machinery, where rising unemployment has accompanied steadily higher prices being charged to farmers for machinery and equipment," he said.

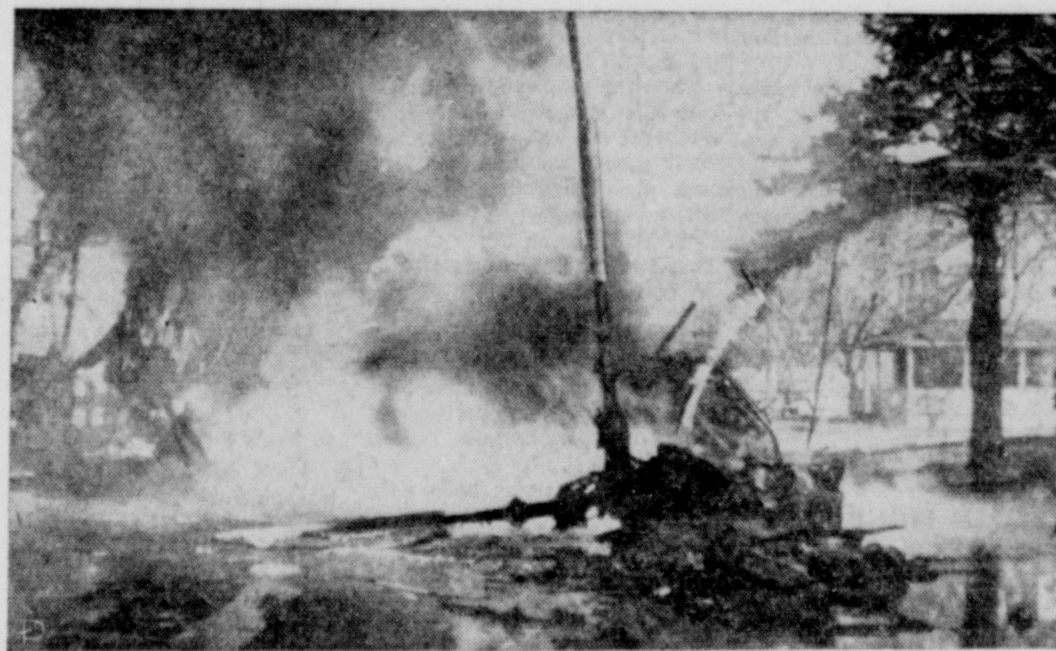

Kefauver said "other administered price industries in which prices have recently been going up" include steel, petroleum, newspaper, automobiles and many types of food.

No date was set for starting public hearings.

## Britain's Macmillan Reassures France

PARIS, March 10 (AP)—Prime Minister Harold Macmillan assured the French people today that, far from envisaging a withdrawal from the European continent, Great Britain is seeking means of moving closer to it.

He made the statement just before heading for home with Foreign Secretary Selwyn Lloyd after a two-day visit here for private conversations with French Premier Guy Mollet and Foreign Minister Christian Pineau.

## Helicopter Crashes In Street

After crashing only yards from a home in Bancroft, Ontario, a RCAF helicopter burns furiously in the middle of the town's main street. All six occupants of the 'copter escaped injury. The pilot, Flight Lt. A. A. Vanderwater, was lauded for missing the house.

## Dulles Tells SEATO Communism In Asia To Wane Eventually

CANBERRA, Australia, Monday, March 11 (AP)—John Foster Dulles said today, "We can confidently conclude . . . that international communism now imposed upon many of the peoples of Asia is a passing and not a permanent phase."

But other developments, he warned the SEATO Council of Ministers at the opening of their third annual meeting, "reveal characteristics which should keep us on guard."

"The open support given by the Communist Chinese to Soviet colonialism and imperialism and to Soviet defiance of the United Nations has ominous implications for all free Asian nations," the U. S. secretary of state declared.

"These actions give us all ample warning of the true nature of the Chinese Communist regime. They also emphasize the continuing importance of the military side of SEATO, of the work of our military advisers and of our combined military planning. All of this has been highly effective."

The council is the policy-making body of the eight-nation alliance formed at Manila in 1954 to deter Red aggression in Southeast Asia. Prepared to consider countermeasures to meet shifting Communist tactics, the ministers convened in the green-carpeted house of Australia's Parliament.

Dulles heads the American delegation.

## Tavern Owner Dies In Gun Duel

LEXINGTON PARK, Md., March 10 (AP)—A 44-year-old man was killed and a sailor was wounded by three shots in a tavern gunfight at nearby Callaway last night.

Samuel Crawford Truitt, owner of Sam's Place was killed. He died at St. Mary's County Hospital in Leonardtown about an hour after he was shot at his tavern.

The sailor, Willard V. Chavers, 27, of Amite, La., was in fair condition today at Bethesda Naval Hospital near Washington. He was shot in the arm, in the side and a third bullet creased his ear.

State Trooper John E. Koontz said Truitt and Chavers opened fire at each other from point blank range following an attempt by Truitt to break up an argument between Chavers and another man.

Koontz said Chavers was under guard at Bethesda and would be charged with murder on his release from the hospital.

## Six Die In Head-On Crash Of Two Cars

LEWISVILLE, Tex., March 10 (AP)—Six persons, five of them members of a Dallas family, were killed today in a head-on collision of two cars near this north Texas town.

Members of the Dallas family killed were Marvin Lewis James, 33, his wife, Laneva, 33, their sons, Larry, 9, Robert, 3, and Tommy, 1. The other victim was Paul Anthony Montgomery, 25, of Whitesboro, Tex.

Another member of the James family, Mary Alice James, 7, was in fair condition today. Also injured was Dan Shields, 26, a passenger in the Montgomery car.

### Strikes Hit Japan

TOKYO, Monday, March 11 (AP)—More than two million workers launched a series of limited strikes and slow downs today in Japan's biggest labor offensive since 1952.

## Skindivers Join Hunt For Bodies Of Slain Couple

ACAPULCO, Mexico, March 10 (AP)—Skindivers were called today to aid in the search for Acapulco for the bodies of a holidaying New York attorney and a wealthy Brooklyn widow — victims of a cold-blooded murder-for-robbery plot.

Federal security police announced the killers admitted beating their victims to death with a club and heavy chain, removing money and jewelry worth \$70,000, then dumping their weighted bodies from a boat into the sea on the night of Feb. 20.

The jewelry has been recovered. It had been hidden in the garden of a home in Acapulco owned by a relative of one of the confessed slayers.

The victims were Joseph A. Michel, 70, a prominent New York attorney, and his friend, Mrs. Edith Hallock, 63, Brooklyn. They had been the objects of a wide search since they vanished from this Mexican coast resort city.

### Slayers Identified

The men who police say confessed are Luis Fenton, 33, a tourist agent, and Daniel Rios Osuna, 35, an unemployed waiter. Fenton was described as a U. S. citizen who is in Mexico illegally. He is of Mexican parentage. Documents on his person disclosed he served a hitch in the U. S. Navy and was once employed by the Douglas Aircraft Corp. on the West Coast.

Fenton and Rios were taken out into the bay in separate boats and tried to locate the spot where the bodies, weighted by rocks and chains were thrown overboard.

Scores of vessels and a half-dozen frogmen searched the indicated area. One frogman, Apollonio Castillo, came down with a severe case of bends after going down 300 feet and finding nothing. Jose Altamirano Diaz, head of the Mexican federal security police, announced the confessions of Fenton and Rios at a midnight news conference.

### Story Of Crime

This is the story of the crime, as related in the confessions disclosed by the police official: Fenton had made friends with the visiting New Yorkers, Mrs. Hallock, widow of a former Sony engineer, came to Acapulco recently to recover from an operation and Michel joined her.

Fenton learned that Mrs. Hallock had on her person jewelry worth in the neighborhood of \$70,000. On the night of the slaying Fenton invited Michel and Mrs. Hallock to a night club on nearby Roqueta Island.

The tourist agent had bargained (Continued on Page 3, Col. 3)

## Halt Disorder With Gunfire And Teargas

Several Leaders Of Demonstration In Gaza Arrested

GAZA, March 10 (AP)—U.N. troops used teargas and fired in the air today to break up a demonstration by thousands of Arabs demanding return of Egyptian administration to the Gaza Strip.

U.N. headquarters announced several demonstration leaders were arrested after the U.N. soldiers were stoned as they drove the crowd down Gaza's main street.

The United Nations was having trouble setting up a temporary administration for the territory, crowded with 300,000 Arabs, two-thirds of them refugees from the Palestine war.

Arab government employees refused to cooperate in the U. N. administration unless the Egyptian government approves.

### "Red Tactics" Blamed

Maj. Gen. E. L. M. Burns, asked by reporters if he thought "Communist tactics" were being used to stir up the population, replied, "I think so."

Arab demonstrations have been frequent in Gaza since the Israelis quit the area on Thursday, making it necessary for the U. N. to impose a curfew. Ostensibly the demonstrating is to celebrate the Israeli departure, but it has been marked by demands for return of Egyptian administration of Gaza—a step which would arouse bitter reaction in Israel.

On Saturday, UNEF formed a temporary administrative government, replacing the "mayor and council" system previously used. Col. Carl Ingholm of Denmark was named military governor. A five-member committee of residents headed by Ingholm was formed to supervise all civil affairs in Gaza city itself.

### Burns, Bunche To Confer

But today a committee of Arab employees, saying they represented more than 1,000 civil workers, refused to work under UNEF until they receive authorization to do so from President Nasser's government in Cairo.

The UNEF men resorted to use of tear gas when the Arab demonstrators tried to break through the gates of the UNEF police guard, Burns said. The crowd was dispersed and order restored. No injuries were reported.

Burns left later for Abu Suweir in the Suez Canal zone to confer with Dr. Ralph Bunche, deputy U. N. secretary general, who is also a member of the UNEF advisory commission. Both intend to return to Gaza, where Burns plans to set up his new UNEF headquarters.

### Egypt's Signal Awaited

ISMAILIA, Egypt, March 10 (AP)—Egypt probably will give the U. N. salvage fleet permission Tuesday to tackle removal of the sunken tug Edgar Bonnet from the Suez Canal, a Suez Canal authority spokesman said today.

He reported Egyptian divers will complete tomorrow the removal of explosives from the 841-ton hulk, which blocks the channel near the midway point of the 103-mile-long waterway.

## Hall Seen GOP 1960 Possibility

WASHINGTON, March 10 (AP)—Influential Republicans are talking about the possibility that former GOP Chairman Leonard W. Hall might bob up in 1960 as a candidate for the party's presidential nomination.

President Eisenhower's plug last week of Hall's possible candidacy for the 1958 New York GOP governorship nomination was regarded in some quarters as a shove—even if uncalculated—in that direction.

Eisenhower, who formerly voted in New York, said he would be a "booster" if Hall wants to run. There was no indication the President was thinking beyond the governorship.

Chairman Bridges (NH) of the Senate Republican Policy Committee summed up the general analysis of his colleagues today when he said that if Hall were elected governor, "he would play a vital part in the 1960 presidential race."

Bridges, who has to deal with two other political presidential aspirants in Vice President Nixon and Republican Leader Knowland of California, made it plain he isn't rooting for any particular candidate at this time.

## Keeping Up With Hollywood

by Louella Parsons

HOLLYWOOD, March 10.—(INS)—The threatened legal battle between Austrian born O. W. Fischer and Universal-International is amicably settled, and O. W. returns to Hollywood in June.

Late Friday, Buddy Adler and Fischer, flanked by his representative, Paul Kohner, made a multiple picture deal with 20th Century-Fox. Although Buddy says he does not have any property in mind for the hand-some actor, I hear through the grapevine there are two pictures under discussion. One is "Hell Below," in which he would play a submarine captain, and the other "Young Lions," Fischer

has a European film to make before he comes back. Interestingly enough, the reports in the German newspapers of the battle between Fischer and U-I mostly favored the studio.

Walt Disney made a wise decision in signing Norman Foster to direct the new Disney "Zorro" series for television. It is Norman who directed the highly successful "Davy Crockett" TV shows that brought stardom to Fess Parker, and Foster also directed some of the Disneyland programs.

The late Douglas Fairbanks started in "Zorro," the romantic hero whose daring captivated Spanish California in the days of the Dons. Norman tells me he wishes there was a young Doug around for the new series and he's already at work testing candidates. "Zorro" starts in October over ABC in 39 weekly half-hour chapters.

Clark Gable certainly won't have much rest between pictures.

## ANSWERS TO BRIDGE QUIZ

Q. 1—As South you hold:

♠ 6 3 ♦ A J 9 ♣ A K Q J 8 5 4

The bidding has proceeded:

South West North East

1 club Pass 1 diamond Pass

What do you bid now?

A.—The suggested call is three clubs. It is true that such a call is not forcing, but we are willing to assume the risk that the bidding will die. We consider such an occurrence extremely remote and would like to have the bidding develop naturally in order to best determine the full possibilities of the hand.

Q. 2—As South you hold:

♠ 7 2 ♥ Q J 6 ♦ Q 10 5 3 ♣ K 9 6 2

The bidding has proceeded:

North East South

1 no trump Pass Double ?

What do you bid?

A.—If East had taken no action, you would have had a clear cut raise to two no trump. Such a bid is no longer necessary when East doubles, for a new weapon has become available to you, namely, the redouble. East and West are in obvious difficulties, for your partnership has at least 24 points, leaving only 16 to the opposition. If they attempt to run out to a suit, you will be in position to inflict a damaging penalty. If they permit the redouble to stand, you will make your game contract with perhaps an overtrick or two.

Q. 3—As South you hold:

♠ 7 4 ♥ K ♦ A 7 5 3 ♣ Q J 8 7 5 4

The bidding has proceeded:

North East South West

1 spade Pass 2 clubs 2 diamonds

2 hearts Pass 3 clubs Pass

3 spades Pass ?

What do you bid now?

A.—Four spades. Partner's bidding has been very aggressive, particularly his most recent bid of three spades. This is a drastic call, inasmuch as it prevents a possible return to three hearts. It clearly describes a good six-card suit. You have two very important key cards; the ace of diamonds and the king of hearts. In this situation two trumps are sufficient support.

Q. 4—As South you hold:

♠ A J 9 8 ♥ A K 9 6 4 ♦ K Q J ♠ J

The bidding has proceeded:

South West North East

1 heart Pass 1 spade Pass

What do you bid now?

A.—A direct raise to four spades is our clear choice. The objection to bidding three spades is not merely that partner might pass, but that if he goes to four, you will not yet have fully described your hand and a bid at the level of five might jeopardize the game.

Q. 5—As South you hold:

♠ A J 10 5 ♥ K 5 ♦ K 8 7 ♣ K Q 10 6 4

The bidding has proceeded:

North East South West

1 spade Pass 2 clubs Pass

2 spades Pass ?

What do you bid now?

A.—In support of spades, your hand is the equivalent of an opening bid. It is worth 13 points. You should therefore, assume the responsibility of contracting for game by bidding four spades. If you raise to only three, partner with a rank minimum will pass.

Q. 6—You are South with a 90

part score. Your partner opens

with one heart and you hold:

♠ K J 10 7 5 ♥ 10 9 8 ♦ 4 3 ♣ A 8 2

What do you bid?

A.—The one heart puts you out, it is doubtful that the opposition will let the hand go by default. You may expect competition. It is our suggestion, therefore, that while it is cheap you get in a bid and the suggested call is one spade. The fact that you bid with 90 on score does not necessarily suggest that you are ambitious.

Q. 7—As South you hold:

♠ 9 2 ♥ Q 6 5 4 3 ♦ A J 7 ♣ Q 5 4

The bidding has proceeded:

South West North East

Pass Pass 1 heart 1 spade

What do you bid now?

A.—The one heart puts you out, it is doubtful that the opposition will let the hand go by default. You may expect competition. It is our suggestion, therefore, that while it is cheap you get in a bid and the suggested call is one spade. The fact that you bid with 90 on score does not necessarily suggest that you are ambitious.

Q. 8—As South you hold:

♠ A K Q 9 7 6 4 ♥ A Q 8 5 3 ♦ 7

The bidding has proceeded:

South West North East

1 spade 2 diamonds Double

1 hearts Pass 3 hearts Pass

What do you bid now?

A.—A bid of six hearts has our hearty endorsement. Partner has shown possession of the ace of diamonds and good heart support and it is difficult to see how we will lose more than one spade trick.

## Hungary Costly To Reds In Africa, Nixon Declares

ENTEBBE, Uganda, March 10 (AP)—Vice President Nixon said today the Red slaughter of Hungarians had given the Communists "a very great setback" in Africa.

Arriving in this British protectorate on his good-will tour, Nixon said the Hungarian events caused revulsion among Africa's educated classes.

He summed up results of his visits to Morocco, Ghana, Liberia and Uganda at a news conference.

"There is no question but that the African continent is a major target of international Communist movement because of its tremendous resources and its 200 million people," Nixon said.

But Red success have been small in the countries he has visited, he added.

At the halfway point in his 22-day tour, Nixon disclosed he has sent an urgent recommendation to the State Department on undisclosed problems discussed with Moroccan and Liberian leaders.

### What's more important than money when you borrow?

Confidence is the all-important added ingredient in every HFC loan. Confidence that you are getting the best service and every possible aid in solving your money problems. Confidence that you are dealing with a company recommended by millions of American families since 1878. Confidence that comes from knowing two out of three new customers are sent to HFC by old customers. Whether you want one-day service on a \$20 to \$1000 loan or advice on money matters, you may always have complete confidence in HFC, America's oldest and largest consumer finance company.

## Butler Cautions Demos Against Overconfidence

BALTIMORE, March 10 (AP)—Democrats can't assume they'll win the next presidential race "just because Eisenhower will be out," Democratic National Chairman Paul M. Butler told a gathering of Maryland Democrats last night.

In touching on the Maryland situation he said:

"Something is wrong with the Democratic party when a Republican governor once elected can be returned to office."

He told his Jackson Day dinner audience of some 400 "there must be real devotion and sacrifice" to return the party to a dominant position.

Butler urged Democrats to conduct a year-round campaign to bring the issues before the voters and strengthen party organizations.

He attacked President Eisenhower's "new Republicanism" as a "false front."

Butler termed "new Republicanism" as "a political tranquilizer concocted by the massive Republican propaganda machine in an attempt to make the Republican party look like a progressive, forward-looking political organization instead of the backward, reactionary old guard which still dominates it."

"With Eisenhower out of the next presidential race, 'new Republicanism' is merely a false front for his unpopular party which the American people have repudiated for a quarter of a century," Butler said.

previously with Rios to help slay the New Yorkers, offering him 30,000 pesos—\$2,400. He gave Osuna a 5,000-peso down payment.

Fenton rented the boat from his own relatives, and secreted the chains and heavy rocks aboard. About 10 p.m. Fenton went to the Las Hamacas Hotel, where the New Yorkers were staying, to pick them up. Rios was waiting in the boat.

Once out in the bay, Fenton and Rios uncovered the murder instruments, and struck their victims over the head. There was no outcry.

They removed money and jewelry, tied the rocks and chains to the bodies, went outside the bay area, and dumped the bodies into the Pacific Ocean.

## Mass. Youth Wins Children To Remain Boys Club Award In Parochial Schools

NEW YORK, March 10 (AP)—In a special Sunday ceremony, former President Herbert Hoover today named Joseph M. Meany Jr., 17, of Waltham, Mass., as national winner of the Boys' Clubs of America's 11th annual award for junior citizenship.

Meany was cited for "outstanding service to his home, school, church, community and Boys' Club."

Meany received a bronze plaque in Hoover's office here.

The former President announced Meany would be the only American crew member aboard the Mayflower II when the replica of the Pilgrim ship sails from England to America April 2. Meany will function as a cabin boy.

AUGUSTA, Maine, March 10 (AP)—Catholic parents voted today to call off their threat that they would enroll their parochial school children in public schools tomorrow if the city did not provide transportation for them.

Some 500 parents, attending a lengthy meeting at the Calumet Club, voted 183-121 in favor of keeping their youngsters in the city's two parochial elementary schools and thus go along with Catholic Mayor H. Lloyd Carey's plea that they do not flood the city's already overcrowded public schools.

**Save  
an extra nickel  
out of  
every dollar**

—to help keep prices  
from going higher

Don't let anyone tell you that living costs have to keep climbing. We can check inflation.

One of the main causes of rising prices is *overspending*. If each of us will save only an extra nickel out of every dollar we earn, we will put a strong brake on inflation.

For this will produce *billions* of dollars in savings—money which is urgently needed to finance more factories, homes and schools.

And, of course, you get a personal bonus from your extra savings—the feeling of independence and security that a growing nest egg brings . . . the feeling that your house is in order.

As a second step to fight inflation, all of us should support every reasonable move to reduce government spending—federal, state and local.

Sure, all this means a sacrifice. But isn't it worth it, if this means continuing our prosperity—and keeping it sound?

106 million policyholders have made life insurance America's most widely used form of thrift. In the interest of these policyholders—in the interest of all of us—the life insurance companies feel they have a duty to help preserve the purchasing power of the dollar.

## Airport Plan For Oakland Is Considered

### Rotarians Will Discuss Project

OAKLAND — The Oakland Rotary Club heard a report at their meeting Friday on a problem which they plan to give further consideration.

Rudolph Drennon of Baltimore, executive director of the Maryland Aviation Commission, guest speaker, outlined the need for an airport or a landing strip in Garrett County, adjacent to Oakland. In fact, it was pointed out, that in this mountainous territory, the largest county in area in the state, flying conditions were not always the best due to changes in weather, and some airport or landing strip facility is rapidly becoming a must.

Increased air travel, increased interest in aviation, and the economic importance of aviation to the community are factors which should be considered, Drennon reported to the Rotarians. He urged them to pursue the idea, and suggested that since Garrett County is promoting its recreation opportunities, and already has an established resort around Deep Creek Lake, an airport or adequate landing strip would be a natural economic adjunct to this program and development.

The speaker explained that federal funds in the amount of about 50 per cent of total cost are available and state funds of about 25 per cent are available for such a project. Therefore local costs are not too great. He also reminded his audience that an airport in the area would make possible the organization of a Civil Air Patrol unit, where cadets and others could be trained, opening a new avenue of opportunity to young people and others in this air-minded age.

Rotarians agreed, informally to study the idea further, according to Merrell Carg, president, who introduced Mr. Drennon.

Also surviving is a brother, Carl Lee Miller, a student at California State Teachers College.

## Ham Show Highlights

These two Circleville High School students, members of the Future Farmers of America there, are shown with the grand prize winning exhibits at the Keyser Ham, Bacon and Egg Show, sponsored last Friday and Saturday by the Keyser Kiwanis Club in the high school gymnasium. At the left is Kenneth Lee Hedrick, a Circleville junior, whose bacon exhibit won the grand champion award. With him is Kenneth Harper, a Circleville senior, who got the prize for the best ham in the show. It marks the fourth successive year for a blue ribbon for Harper. At the left, Rep. Harley O. Staggers of Keyser, member of the House of Representatives from the Second Congressional District of West Virginia, is shown presenting a silver cup to Miss Irene Barr of Petersburg as the "Sweetheart of the FFA" at the Keyser show. She won over six other candidates. Miss Juanita Seldom of Mathias, Miss Carolyn LaFayette of Capon Bridge, Miss Joann Rhodes of Keyser, Miss Nikki Timbrook of Romney, Miss Barbara Brant of Fort Ashby, Miss Jean Armentrout of Circleville and Miss Sandra Riggall of Moorefield.

### ALBERT S. PORTER

MT. SAVAGE — Albert S. Porter, 75, native of here, died suddenly Wednesday in Kyrock, Ky., where he had resided a number of years.

A letter accompanying the body from the funeral director there notified his relatives here that out of respect for him all schools were closed on Friday and his body was taken to the Kyrock High School gymnasium to remain for viewing until time for shipment home Friday night.

The funeral director stated that for the past 30 years Mr. Porter played Santa Claus in the towns and communities of sparsely populated Edmonson County.

Also sent to relatives here was a personal message of sympathy from Governor Frank G. Clement of Tennessee and his parents, Robert and Maybelle Clement.

He was a son of the late Stephen and Elizabeth (Woods) Porter of Mt. Savage. He held membership in St. George's Episcopal Church, Mt. Savage, and the Brownsville, Ky., IOOF Lodge, of which he was a past grand.

Mr. Porter moved from Mt. Savage to Edmonson County in 1921 and was employed at Kyrock by the Kentucky Rock and Asphalt Company.

Survivors include a sister, Mrs. Viola Williams, Miami, Fla.; four nieces, Mrs. Virgil Nickel, Cumberland; Mrs. Charles Swain, Mrs. Carl Conn and Mrs. Fred Smith, Washington, and two nephews, S. W. Goodrich, Cumberland, and Frank Goodrich, Washington, D. C.

The body will remain at the Hafer Funeral Home, Cumberland, where services will be conducted Tuesday at 11 a. m. by Rev. G. Stanley Schwind, rector of St. George's. Interment will be in the church cemetery.

Pallbearers will be Fred Smith, Mack Houchin, James Reynolds, Thomas Stevens, Harry Molinari and Patrick Farrell.

**West Va. Women**

**Back Mrs. Muntzing**

MOOREFIELD, W. Va. — Mrs. H. G. Muntzing, former president of the State Federation of Women's Clubs, has been unanimously chosen by the State Federation to be a candidate for the office of treasurer of the General Federation of Women's Clubs. The action was taken by the State Federation in convention at the Greenbrier Hotel, White Sulphur Springs, last week-end. The report was made to the local club by Mrs. M. H. Maxwell, delegate, at the meeting held Monday night at the home of Mrs. A. C. Ludwick.

Mrs. Muntzing has been active in club work for a number of years. She served as president of the Moorefield Club, president of the Eastern district, president of the West Virginia federation (after having been treasurer, secretary and vice president), and is currently chairman of budget and finance for the General Federation. Her name will be presented to the GFWC nominating committee for action at the 1958 annual convention.

**Women's Society**

**Meets At Ellerslie**

ELLERSLIE — Mrs. Alma Connor, president, gave a talk on "The Church and Mental Health" at a recent meeting of the Woman's Society of Christian Service of the Methodist Church. Mrs. Eleanor O'Brien read the Scripture lesson from St. Mark and Mrs. Anna Mae Cook reported on missionaries in Africa and their needs.

Plans were made to entertain ladies from Cooks Mill and Corriganville churches April 4. Mrs. Everett Chappell of Cumberland will be the speaker. Circle No. 2 reported \$16 made during February. A Junior Missionary group for children from six to 12 years old will be organized. Refreshments were served by Mrs. Anna K. Lowery, Mrs. Goldie Shroyer and Mrs. Marjorie Nixon.

**Hardy Co. Seeks**

**\$2,500 For Red Cross**

MOOREFIELD, W. Va. — C. A. Ludwick Jr., is chairman for the Red Cross Drive for funds being carried on in Hardy County this month, in conjunction with the national drive. Lewis Moo-mau, former chairman of the drive, is assisting Mr. Ludwick, according to an announcement made by S. L. Dodd, chairman of the Hardy County chapter, American Red Cross.

Mr. Ludwick has made plans and has secured volunteer workers but his list is not complete. Because of recent floods in West Virginia, when the Red Cross gave help to towns in Southern and Central parts of the state, the quotas of all state chapters have been raised slightly. Hardy County is asked to raise approximately \$1500. With the needs of the local chapter added, the quota comes to about \$2500.

**Frostburg Personals**

Charles Hill has returned home after a short vacation in Florida. Mrs. Frank Lewis, 10 Taylor Street, has returned home from Miami, Fla., where she has been visiting her son and daughter-in-law, Mr. and Mrs. Ted Lewis.

The flute goes back into antiquity. It was a great favorite with the Romans and Greeks.

## Mineral Co. Cancer Drive Starts April 1

KEYSER—Mineral County will join with the rest of the nation in observing the annual campaign of The American Cancer Society starting April 1, according to H. J. Borgen, county chairman. The local campaign will be sponsored by the B.P.O. Elks Lodge, 1916. Keyser under direction of the social and welfare committee, which includes as members, Mr. Borgen, Charles J. Coyle, Poland Ellis, Dakin G. Morehouse, Edward Daskel and Ray P. Bright.

Assisting the social and welfare committee, Edward J. Laughlin, exalted ruler, has appointed a campaign advisory committee, which has as its members, George R. Petras, chairman; Dr. Robert T. Coffman, Dr. Thad T. Huffman, Dr. Robert W. Bess, Hon. Harley O. Staggers, Dr. Lawrence Fantl, Dr. Thomas Ansel, Vance P. Stickley, Walter H. Buchanan, Joseph H. Blundon, Arnold Sligar and Harold H. Snyder.

Other officers of the Mineral County Chapter of The American Cancer Society include Miss Nancy Belle Kempfner, treasurer and Miss Mary Calentine, publicity director.

The social and welfare committee will contact all organizations within the county to unite in one main effort to help fight against cancer.

Mrs. Borgen said that representatives will be available to speak to individual organizations to explain the cancer program for the county. According to the American Medical Association, and the American Cancer Society, more than 255,000 American men, women and children will die of cancer in 1957, an increase of 5,000 over the 1956 figure.

Cancer today kills more children from three to 15 years of age than any other disease.

"With facts and figures like these before us," Borgen said, "it's up to each and every individual to help in this fight against this ruthless killer."

## Sunday School Class Convenes

FROSTBURG — Mrs. Thomas Powell, newly installed president of the Gleaners Sunday School Class of the First Methodist Church presided at the March meeting held recently in the lecture room of the church. She opened the meeting with the thought "Prayer Is The Voice of Faith," and gave several quotations from famous sayings of Abraham Lincoln to strengthen her theme.

Mrs. H. Reford Aldridge gave several readings and short poems portraying "A Day In My Life," and Miss Ellen Richardson, a student at Beall High School, now studying music under Richard Repphann, was guest pianist on the program. She selected as her numbers "Gypsy Rondo" by Josef Haydn and "Ballade In D Minor" by Johannes Brahms.

Miss Margaret Jones sang "If Winter Comes" by Tennant and Arkell, and "Hand In Hand" by Klemm, accompanied by Miss Mabel Myers.

The devotions were in charge of Mrs. Joseph Kohout, assistant teacher of the class who gave the meditations and the prayer. The group then sang "More Love To Thee" accompanied by Mrs. John Ives. During the business meeting which followed, the treasurer was authorized to send a donation to the American Red Cross, and the secretary read a letter asking all members to donate blood when the bloodmobile visits Frostburg on April 2.

The president named the following committees for the year: Mrs. Walter E. Jeffries, and Mrs. John Ives, flowers and gifts; Mrs. H. Reford Aldridge, cards; Mrs. Ruth Todd, memorial fund; Mrs. Clarence Repphann, dinner chairman; Mrs. Harry Morgan, publicity.

Hostesses for the meeting were Mrs. Thomas B. Powell, Mrs. Richard Johnson, Mrs. R. Bowen Hardesty, Mrs. James A. Morgan Jr., Mrs. Edward Richardson, and Mrs. John G. Cook.

The next meeting is scheduled for April 4.

**Oratory Contest**

KEYSER — Edwin McCarnes, junior student at Mannington High School, was judged the winner of the American Legion Section B. oratorical contest Wednesday at Potomac State College.

The 17-year-old son of Mr. and Mrs. J. E. McCarnes, was awarded a medal by Rev. Donald D. Anderson, pastor of Trinity Lutheran Church, who represented the American Legion. By earlier winning the District 11 contest at Fairmont, McCarnes was awarded a four-year scholarship to any state college of his choice, with the exception of West Virginia University and Potomac State.

McCarnes will represent the section at the state final at the home of Fairmont Post 17, American Legion, next Friday at 1 p. m., according to Jay C. Groves, member of the Potomac State faculty who served as chairman of the sectional contest.

Second place in the contest went to Elizabeth Weimer, daughter of Carl E. Weimer, Maysville. A junior at Petersburg High School, she was awarded a medal.

**\$2,500 For Red Cross**

MOOREFIELD, W. Va. — C. A. Ludwick Jr., is chairman for the Red Cross Drive for funds being carried on in Hardy County this month, in conjunction with the national drive. Lewis Moo-mau, former chairman of the drive, is assisting Mr. Ludwick, according to an announcement made by S. L. Dodd, chairman of the Hardy County chapter, American Red Cross.

Mr. Ludwick has made plans and has secured volunteer workers but his list is not complete. Because of recent floods in West Virginia, when the Red Cross gave help to towns in Southern and Central parts of the state, the quotas of all state chapters have been raised slightly. Hardy County is asked to raise approximately \$1500. With the needs of the local chapter added, the quota comes to about \$2500.

## Oakland Will Ballot Today

OAKLAND — Four candidates have filed for councilmen for the Town of Oakland. The election will be held today and three persons will be elected. Voting will take place from 9 a. m. until 6 p. m.

Some 790 persons are eligible to vote, it was learned from Mrs. Gladys Nordeck, clerk-collector. Candidates are Dr. E. I. Baumgartner, Carroll E. Miller and James Nally, all incumbents, and Eugene Flinn. Mrs. Berylde Stanton is the only candidate for treasurer. She has served in that capacity for the past several years.

Holdover members of the town's governing body are Russell L. Smith, mayor, Robert Maroney, Harry L. Stemple and Clayton Winters, councilmen.

Mrs. Joseph Gonder, Mrs. A. G. Hesen and James Kerins will serve as judges of election while Mrs. Porter DeWitt and Miss Floss Shaffer will serve as clerks.

## Farrady Post Votes April 1

FROSTBURG—The annual election of officers of Farrady Post No. 24, American Legion, will be held at the post home on April 1, according to Post Commander George Layman. Members in good standing will be eligible to ballot between 1 p. m. and 8 p. m. A nominating committee has been appointed and will present a report at the next post meeting March 18. At that time, nominations from the floor will also be in order, Commander Layman said.

Members of the nominating committee include Frank T. Powers, chairman; Roy Shriner, Alfred Drew, Arthur Norris and Charles Rice.

Commander Layman also noted that the annual membership and birthday dinner will be held at the post home on March 31 at 6:30 p. m.

Edward Walter, national vice commander of the American Legion will be principal speaker. Mr. LeRoy Metz, department commander, Daniel Burkhardt, department adjutant, and David Bringham, national executive committee member has also been invited to attend.

The dinner will be for members of the post and members of the auxiliary unit and their guests. Plans are being made to serve upwards of 400 at the banquet.

## A Revolt Against Big Government

Speaker Sam Rayburn of the House of Representatives was asked, the other day, if he thought there was any chance of reducing the much-discussed \$72 billion budget.

"No," he said, "we've got big government and it's going to stay big."

If the president of an industrial corporation were asked by one of the directors if there were a chance of cutting expenses, and if he were to make a parallel reply, what would happen? Obviously such a president would be on his way out—and fast. The directors and stockholders would demand that he be specific. The mere bigness of the corporation certainly would not justify more of the same, for no other reason than what the French call the *fait accompli*. Which, being translated into the American idiom, means, "This is it. It's here and there's nothing we can do about it."

That there is something that can be done about it is attested by a whole flock of developments. First and most important, Congress is hearing from the folks at home. The House has started slashing money bills. Senator Byrd has demanded a cut of \$5 billion. The Republican House delegation of 23 members from Ohio pledged itself to support a "substantial reduction" and the action was prompted by grass roots revolt. Rep. Clarence J. Brown of this group said: "This is a real revolt against spending; people in all walks of life are fed up."

The newly appointed Republican National Chairman, Meade Alcorn, attended a western regional meeting of GOP state chairmen the other day. The Wisconsin chairmen told him his people are "shocked and discouraged" by the size of the federal budget. A reliable informant says 16 of the 18 chairmen, operating behind closed doors, were opposed to the proposed federal aid for schools.

## These Days

By George E. Sokolsky

### Lord A' Mercy

I received a most instructive letter from Miss Charlotte Jones of Dallas, Texas, which I am herewith reproducing in full as a contribution to Americana. Here is the letter:

"Dear Mr. Sokolsky:  
"There are too many people saying that Elvis is going to die out. When Elvis dies out is when the sun quits burning.

"You say everybody is forgotten that is once great; George Washington has never been forgotten and nobody can ever be as great a president or as long remembered as he. Nobody can ever take his place or do what he did. Well, it's the same with Elvis. He'll always be remembered and nobody has ever or ever will do the same thing as Elvis has. Elvis is the king of popularity and we (teens of America) love him and we'll see he lives forever. Not his body but his name. Adults won't admit he's so great, because they're jealous! They know that their top singers weren't as great as Elvis. They're mad because their taste isn't quite as good as ours.

"Look at James Dean, been dead for a year and he's bigger now than he ever was.

"God gifted Elvis to us and you oughta thank him, not tear down, the greatest thing the world has ever known; Elvis Presley!!!!!!

Scornfully yours,  
Charlotte Jones

"P.S.: And if you're over 30, you're old. You're certainly not young."

It shows the advantage of an education, that Miss Jones compares Elvis Presley's accomplishments with those of George Washington. Of course, as history goes, Washington has not been so long remembered; he only died in 1799 which is not long ago compared with Alexander the Great or Julius Caesar or, on the peaceful side, with Hammurabi, Moses or Solon. Nevertheless, it must be admitted that Miss Jones has a point that George Washington is today better remembered than many another president and plenty of kings.

I find it hard quite to realize what is meant by "the king of popularity." Does Miss Jones really believe that Elvis is more popular than President Eisenhower or General Douglas MacArthur or the Queen of England or Dr. Albert Schweitzer? If that is so, then why should men devote themselves to noble deeds and great accomplishments? Why not just warble an old Civil War song and twang a banjo and achieve the accolade that way?

Apparently all adults are jealous of this Elvis, otherwise they would acknowledge that his voice is superior to Caruso's; his profile to John Barrymore's; his acting to E. H. Sothern's. Miss Jones's knowledge must be like Teddy Nadler's who said something the other day about having a tremendous knowledge of classical music. But what has he done with that knowledge? That is always the question.

I have no idea how old Charlotte Jones is. She does not introduce herself with vital statistics. But she does believe that she and her "teens" have better taste than her elders, by which she means that she like what she likes and that anyone who disagrees is a square, a jerk or a dope. Could be.

Yet, I wonder what would happen to next a hero worshiper if she spent six weeks next summer at Tanglewood listening to Bach, Mozart, Beethoven, Brahms and Tchaikovsky. All long-hair, it is true. But music is music and is supposed to thrill the heart of civilized and savage. It would be an interesting experiment, like bringing Tarzan to the Colony Restaurant or Pavilion, to eat food as designed by Escoffier.

The real point of this letter is that it displays no cultural background. I heard Elvis sing and I believe that perhaps in five years or so, he might be able to carry a tune as well as Bing Crosby. But in 50 years, he could not make the chorus of the Metropolitan Opera.

The fault undoubtedly in a school system which gives the child so little cultural background, so little basis for taste and so little understanding of beauty. Rock-N-roll, which is a musical reversion to the tom-tom of the jungle, can stir so much of our young to ecstasy only because they know no better. It is curious that in a Western country a child could write "the greatest thing the world has ever known: Elvis Presley." I used to hear them say that that title went to Jesus. How times do change!

## Changing Soviet Society And America's Future

By Joseph Alsop

PARIS  
For the Soviet citizen, the gradual evolution of the iron society in which he lives and has his being must be a matter of really passionate concern. And this same evolution should also be a matter of deep interest for Americans.

All the same, the evolution of Soviet society that began with the death of Stalin has neither softened nor deflected Soviet foreign policy. On the contrary, while considerably more supple than their late master, Stalin's heirs have actually proven somewhat more adventurous. And on the basis of a rather intense experience in the Soviet Union, this reporter is convinced that a wholly new generation of Soviet leaders will probably have to come to power before there is any real change in the meaning of "peaceful coexistence."

Thus the fundamental Western problem remains unaltered except in detail. In the satellite area of Central Europe, to be sure, the Soviets have recently suffered a severe setback. But by the ruthless use of their great military power, they have recovered a large part of their losses, at least for the time being. Meanwhile, the West has also suffered severe setbacks, especially in the troubled Middle East. And the Western losses have most conspicuously not been recovered.

At the present juncture, moreover, the West has found no effective way to exploit the Soviet setbacks. Yet the Soviets are exploiting the Western setbacks with great daring and astuteness. Thus Soviet world strategy has actually gone forward. What then is the nature of this Soviet strategy which the Western allies must somehow find means to parry?

It comes in three parts. Towards the United States, the Soviets present a firm military front. At the same time, they seek bilateral negotiations between the two giant powers, but always and only on strictly Soviet terms.

In all the vulnerable ex- and semi-colonial areas in which the Western powers have vital interests, meanwhile, the Soviets are doing everything possible to transform the inflamed native nationalism into a weapon against the West. In Stalin's time, the center of this effort was the Far East. But the great innovation of the Khrushchev era has been Soviet intervention in the Middle East, where Stalin hardly raised a finger after his retreat from Azerbaijan.

In his talk with me, for instance, Nikita Khrushchev openly indicated active Soviet support for nationalization of the Middle Eastern oil sources, whence flows the economic lifeblood of Britain and western Europe. Thus he revealed the Soviet aim. The masters of the Kremlin do not want Communist satellites in the Middle East. They want Soviet-backed, vengefully anti-Western Arab

governments which will nationalize the oil sources and take other steps of a similar nature.

Thus Britain, particularly, is to be ruined. France and the other be weakened. And by this economic flank attack, the chief trans-Atlantic partners of the Western alliance are to be knocked out of the great power game.

But while they are thus encouraging their Arab friends to strike at the vitals of Britain, France and the other European nations, the Soviet leaders are shrewdly seeking quite another sort of success in Britain and France. In both these countries, the men of the political right place the whole blame for the setbacks in the Middle East on the follies of American policy, conveniently forgetting their own follies. And on the political left, the American alliance has always been a source of profound disquiet.

In this confused state of public

Franklin Delano said all we had to fear was fear itself. I kibitzed Franklin by remarking that could scare you.

He had clipped that wise crack from the great philosopher Montaigne who said, "There is but one thing of which I am afraid and that is fear." It was in French.

Like most writers Franklin thought the idea belonged to the translator. A fellow can get real smart that way.

All that quoting goes into the hay-bag when a fellow in Congress hubs up and says 100,000-

## Defense Department Violated Ethics Of Voluntary Censorship Process

By Drew Pearson

WASHINGTON —The Army's court martial of Col. John Nickerson Jr., senior officer of the Redstone Arsenal at Huntsville, Ala., for violating security, raises some important problems regarding security as far as news is concerned.

The Defense Department has sometimes been worried about newsmen who accidentally violated security by publishing something which might aid a foreign country. The Nickerson court-martial, however, is a case where a newspaperman has to worry about cooperating with the Defense Department. It violated the news ethics established in Washington for years.

It happens that the Nickerson court martial was touched off through this column's concern that an Army document describing the relative merits of guided missiles might contain security information of aid to a Russian spy. The document, accordingly, was submitted to the Defense Department for guidance.

Col. Nickerson, it now appears was the probable author of this document, though I did not know this at the time. The document did not bear his name. Obviously written by a highly skilled technician who knows the battle between the Air Force and Army over guided missiles backward and forward, it was sent to certain Congressmen in an effort to block Secretary Charles E. Wilson's order limiting the Army's

work on guided missiles and favoring the Air Force instead.

### Much Technical Data

The document contained certain data which obviously should not be published, much that could be published. It gave the performance figures on the Army's Jupiter C missile fired last September which hit a range of over 3,000 miles.

The document also announced the approximate time and place for the firing of the Air Force missile Thor in February. Publication of this would have given an enemy a chance to station a sub at sea to observe the test. The test was later postponed.

There were also data showing how the Air Force Thor and the Army's Jupiter were believed to be equal in performance, both being powered by oxygen-kerosene engines and guided by the inertial guidance system, etc. The document also contained technical information on the counter-jamming circuits being built into anti-aircraft missiles like the Falcon and the Snark. Some performance statistics were given, which it appeared should not be published.

There was also a discussion of the Navy's experiments with solid propellants, a compact fuel better adapted to storing in submarines carrying guided missiles. The size of the Navy's propellant missiles was given, together with the date they would be ready for launching.

The document also discussed the record of Hitler's V2 missiles, all of which was history and therefore certainly not classified. It was pointed out that although the British checked the launching of these deadly weapons by bombing their launching sites, Hitler got around this by building mobile launchers.

The document also revealed that the Air Force's guidance mechanism for the Thor was developed by the AC Sparkplug Division of General Motors, while the Jupiter's guidance mechanism was developed by the Redstone Arsenal at Huntsville, Col. Nickerson was senior officer here, and naturally had a right to be proud of his work. This was not, however, mentioned in the document.

### Voluntary Censorship

For roughly 20 years, ever since Hitler's war clouds began to collect before Pearl Harbor, it has been my practice to consult with the Army, Navy, or Air Force regarding information which, if published, might be

helpful to a potential enemy. This is also the practice of many newsmen in Washington. It is not compulsory.

During the war, an efficient, voluntary system of press censorship operated under Nat Howard, editor-on-leave from the Cleveland News. Many newsmen of their own accord have continued the principle of that system today.

The success of any such system requires cooperation from the armed services. They cannot violate a newsmen's information, give it to any other reporter, or confiscate it.

Because of the obvious importance of the above-mentioned guided missiles document, my associate Jack Anderson submitted it to an authorized information officer of the Pentagon for guidance as to what parts might harm the armed services, if published.

The document was not returned, either in whole or in part. It was confiscated and promptly made the basis for an investigation and subsequent court martial of Col. Nickerson. At no time have I published anything from the document until today.

As far as I know, I have not met Col. Nickerson nor have I ever talked to him. He has the reputation of being an extremely able, high-class officer. It was understandable that he should be zealous to continue a guided missile development in which he had achieved notable success.

I am not passing on the question of whether he should have submitted classified information to outsiders—if he did—though, so far as I know, no copies of the document went to any except patriotic Americans.

I might add that the seizing of a document submitted by a newsmen for guidance is unprecedented during my experience in Washington. It makes much more difficult the voluntary machinery of asking the military's advice on news which might involve security — a system which benefits the military more than it does the newsmen.

Most of the Pentagon officials, including the Secretary of the Air Force and the Counsel of the Defense Department, I have reason to believe, favored return of the document. It was not a Pentagon document, was never written by the Pentagon, was never seen by the Pentagon until submitted by Mr. Anderson.

Secretary of Defense Wilson personally refused its return.

I also asked that the Defense Department delete classified portions of the document and return the balance. This also was refused.

## On The Side

By E. V. Durling

What vaudeville act was billed above Eva Tanguay when the "I Don't Care Girl" was at the peak of her popularity? It was Mathewson and Meyers. None other than Christy Mathewson and "Big Chief" Myers, then the star batter of the New York Giants. Christy and the Chief played 14 weeks in vaudeville and broke box office records everywhere. The "Chief" now lives in San Bernardino, Calif. I hear from him frequently. He is in the pink.

### HORSES AND WOMEN

Who invented the washing machine? Ask your wife that question. If she cannot answer it she should blush a long, long blush for her ignorance. Too many kindly and thoughtful men who have made life much easier for women are forgotten men. The inventor of the washing machine was Hamilton E. Smith. He invented it in Pittsburgh, Pa., in 1859. Our countrywomen should contribute to pay for a monument to be erected in his memory.

### DAY OFF

If I had my choice of a day off I would take Monday. I would start the day by having my breakfast by the window and watch other people go to work. On Monday no place is really crowded. Lots of seats at the ball park. Nice and peaceful at the racetrack. No heavy traffic on the highways. No being held up by a preceding foursome at the golf course.

### SIDELIGHTS

My nomination for the quaintest street name in the United States is that of Mistreating Alley in Port Arthur, Tex. My favorite street name is still Saw Mill Road in New York. . . . If you have something to sell you should make at least eight calls a day on prospects. Such is the advice of one of the world's greatest salesmen. . . . Although women repeatedly deny the contents of the average female's handbag are not numerous and curious the evidence is against them. A

Californian reporting the loss of her handbag to the police said it contained among other things two insurance policies, a banana paring knife and a towel.

### GETTING STARTED

Maureen Connolly was given her first tennis racket on her fifth birthday. Bobby Jones was presented with his first set of golf clubs when he was about seven years old. When Bobby Feller was around eight years old his father began to show him how to pitch. Keep this in mind, sir. If you want your child to be a champion or topnotcher in square sport start him or her learning and practicing it at the age of five or thereabouts.

### GO WEST

What was the inspiration of Horace Greeley's oft quoted advice, "Go West, young man"? The great editor voiced this immortal remark in offering advice to United States Government clerks in Washington, D. C., who had been complaining about low salaries. Said Greeley, "Washington is not a place to live in. The rents are high, the food is bad, the dust is disgusting and the morals are deplorable. Go West, young man, go West and grow up with the country."

### ASKING

Queries from clients, Q. Often when we have a little argument my wife so loses her temper that she kicks me in the shins, steps on my toes or slaps my face. Therefore, I seek some solid advice from your Horses and Women experts. As a gentleman, what can I do in the way of retaliation at such times? A. I regret to say, sir, that your query baffles our experts. All I can do is to quote the observation of the great Chinese expert on Horses and Women, Wo Lin. "Three things the wise man does not do. He does not plow the sky. He does not paint pictures on the water and he does not argue with a woman."

# Valley Hi Plays Unbeaten North Carroll (22-0) Tuesday

## Hagerstown Named Site For B Game

Game Set For 7:30; Knights Cop 7th In Row Over Thurmont

Valley High School's Black Knights and undefeated North Carroll High School of Greenmount, Carroll county, will battle it out Tuesday night at 7:30 o'clock at the South Hagerstown High School gymnasium for the right to play in the Maryland Class "B" state championship tournament which gets underway Friday at the University of Maryland, College Park.

Jack Petry, principal of Valley High School, Lonaconing, winner of the District I tournament at Hagerstown the past weekend, was advised last night by Edwin Semler, Hagerstown, district chairman, that tomorrow's game had been set for the Hub City. An effort is being made to have Alex Rich and Bill Bossi, of Windber, Pa., to handle the game.

Win 22 Straight

North Carroll, a first year school, which is actually a consolidation of the former high schools at Manchester and Hampstead, posted its twenty-second consecutive victory of the season on Saturday night by defeating Aberdeen, Class B champions of the Harford County League in the finals of the Region III tournament at Western Maryland College by the score of 66-56. In the Saturday contest, "Goose" Steger collected 34 points for North Carroll on 15 field goals and 4-8 fouls. In the semi-final round, the Carroll countians whipped Hereford High, champions of Baltimore county by the score of 82-53.

The North Carroll quint has two 6-foot-3 ballhaws in Charley Steger and Dave Sullivan. Donald Hale, Bob Anderson and Donald Shaffer are six feet tall and Burnell Bentz, the team's star ball handler is 5-foot-10. North Carroll has only one Class A school in its circuit this season and that was Westminster High School. Valley played nine games with Class "A" schools this season, winning seven and losing two.

Biggest surprise in the tourney at Western Maryland College Saturday was Howard County High School's 52-47 triumph over Parkville, Baltimore county champions, in the Class A final. Southern High of Lothian trimmed New Windsor in Class C, 59-33.

### Knights Trip Thurmont

Valley High School reeled off its 7th consecutive win Saturday night by downing Thurmont in the championship game of the District I tourney at South Hagerstown High School by the score of 62-48. Coach John Meyers' team breezed to an easy win in this one and never was threatened by the Frederick countians who trailed 19-5, 33-12 and 48-23 at the quarters.

George Lauder sparked the Black Knights to their 19th victory in 24 starts with eight field goals and 16 points. Ronald Young was runner-up with 15 tallies on six fielders and 3-4 at the foul line. Johnny Johnson had scored eight points for Valley up until the time he was banished midway in the second period for throwing what was described as a "light left jab" at a Thurmont player after the latter had jabbed him in the ribs several times.

Weigle was Thurmont's top scorer with 13 tallies. Favorite had 12 and Lynn 10.

### Hancock Plays Laurel

Coach Bob Wolford's Hancock High School quint won the Class C title in District I by defeating Walkersville of Frederick County, 65-43, and will play Laurel Tuesday night at Middletown. The winner of this game advances to the state tourney at College Park on Friday.

## Petersburg Hosts Area 2 Contest On Friday Night

Hedgesville High School, of Berkeley County, which won the West Virginia Region 4-B basketball tournament at Potomac State College, Keyser, by defeating Petersburg High School's Vikings Saturday night to the tune of 53-49, will play Coalton High School of Randolph County in an Area II game Friday at 8 p. m., at Petersburg High School in Grant County.

Coach Charles Spencer's Eagles won the opening game of the Keyser tourney from the West Virginia School for the Deaf on Friday by the score of 57-50.

Hedgesville's team comes from a community with a population of 419, according to the last census.

This week's area winners go to Huntington next weekend for the state tourney. At Marshall College Area 1 plays 3, and Area 2 opposes 4.

Barrackville, 1956 state Class B champion, is still in the running with a 21-3 record, and plays Sistersville (20-5) in the Area I game Friday at Pine Grove.

## Cadets Excel At Foul Line, Nip Campers

Frederick Goes To State Tourney After 57-56 Win

Accurate foul shooting in the "clutch" by Frederick High School enabled the Cadets, coached by Homer Brooks, an Allegheny grad, to defeat Allegheny High School by the score of 57-56 Saturday night at South Hagerstown High School and advance to the Maryland Class A state championship tournament this weekend at the University of Maryland.

Going into the final quarter with the score knotted at 43-43, Frederick pulled the exciting ball game out of the fire by sinking 10 out of 12 shots while being limited to a pair of field goals. During the hectic final period struggle Coach Gene Shaw's Campers collected four field goals and sank 5 of 6 shots at the foul line.

Allegheny held a 4-point lead at 43-39 late in the third quarter but goals by Don Keller and Frank Martz, the latter as the buzzer sounded, tied it up at 43-43.

### Summers Turns Tide

The Campers forged ahead as the fourth quarter opened on two foul goals by Carl Brown. Bob Poole, of Frederick, however, dropped in a pair of free throws deadlocking the count at 45-45. Two foul goals by "Bucky" Summers made it 47-45 and Frederick never gave up the lead after that. A fielder by Moss concluded Frederick's scoring at 57-52. With a minute remaining, Kenny Johnson slammed in a fielder and with 32 seconds left he added two foul goals to make it 57-56. Don Keller missed a foul shot for the Cadets. Allegheny obtained the ball but a desperation shot missed as the game ended.

Frederick led at the quarter, 12-9, and trailed at halftime, 28-26. Kenny Johnson was the high scorer in the Class "A" battle with 23 points on nine field goals and 5-9 fouls. "Bucky" Summers was high for Frederick with 17 followed by Charley Keller with 12 and Moss 11. Jim Deremer had 11 tallies for the Campers. Frederick was outscored from the field 22 to 19 goals but meshed 19 of 28 free throws to the Campers 12 for 21.

**Finally Make It**  
Saturday's victory put Frederick into the state tourney for the first time since Homer Brooks took over the reins there after leaving Parsons, W. Va., High School in August 1949.

## Fort Wayne Scores Over Royals, 100-96

FORT WAYNE, Ind., March 10 (AP)—Fort Wayne's Pistons today clinched a spot in the National Basketball Assn. playoffs by defeating Rochester's Royals, 100-96, assuring no worse than a third-place finish for the Pistons in final Western Division standings.

Center Larry Foust of Fort Wayne scored five points in the last 58 seconds to give the Pistons a hard-earned victory that broke a seven-game losing string.

## Rosenbluth, Wallace Unanimous Choices

RALEIGH, N.C., March 10 (AP)—Lennie Rosenbluth, All-America ace of unbeaten North Carolina's basketball team, and Grady Wallace, South Carolina's national major college scoring leader, were unanimous choices for the all-tournament team chosen last night by 47 newsmen covering the Atlantic Coast Conference finals.

The poll, conducted by the Atlantic Coast Sports Writers Assn., was on a 5-3 point basis. Rosenbluth and Wallace each received the maximum 235 points. Rounding out the first team were Jack Williams of Wake Forest (216 points); Pete Brennan, North Carolina (203); and Jackie Murdock, Wake Forest (191).

## Valley Meets Chestertown If Victorious On Tuesday

Frederick To Face Wicomico; Blazers Win 20 Straight

By THE ASSOCIATED PRESS

Only one defending champion still has an opportunity to make the semi-finals of the Maryland High School Basketball Tournament which will be held Friday at the University of Maryland.

Valley High School of Allegany County must beat North Carroll in a Class B game Tuesday to decide who goes to the tournament.

Two Class C teams, Laurel and Hancock, will also meet Tuesday to decide the only other tournament berth still open. It appeared likely the two games would be played as a doubleheader on a court neutral to all four teams. If Valley Wins

If Valley, the defending Class B champion, beats North Carroll, it will have to play Chestertown in the semi-finals. In the other Class B game, powerful Oxon Hill will tackle Stephen Decatur from Berlin.

The winner of the Laurel-Hancock game will play Sudlersville in the Class C semi-final game and Southern High School of Anne Arundel County will play undefeated Crisfield.

In Class A semi-finals, Wicomico will play Frederick and Montgomery Blair will play Howard County.

Northwestern, which won the Class A championship last year, and Centerville, Class C champions, were eliminated in district play early this season.

### Blazers Win 20 In Row

Montgomery Blair won the Metropolitan Washington title this year and should be the favorite to win the Class A title. The team is currently riding a 20 game winning streak.

Oxon Hill, another Washington area school, is expected to offer the toughest opposition in the Class B tournament. Although beaten several times this year, the team hasn't lost a conference game in three years.

The Crabtowners from Crisfield will be out to win the Class C championship they lost to Centerville in an overtime contest last March. The Eastern Shore team won 14 straight in regular season play this year.

Strongest opposition for Crisfield could come from Laurel High School if the Prince Georges County team gets by Hancock tomorrow night. Laurel has three players over 6-3, one of them 6-7.

The winners of Friday's games will play in the finals Saturday.

## Pittsburgh Tops Philadelphia, 7-4

FT. MYERS, Fla., March 10 (AP)—Dick Stuart hit a home run and Hank Foiles collected four hits and scored twice today as the Pittsburgh Pirates defeated the Philadelphia Phillies 7-4 in an exhibition game.

The Phillies gave the Pirates a ninth inning scare with a two-run rally that resulted from three hits and a walk. Luis Arroyo, who followed starting pitcher Bob Friend, got credit for the victory.

It was the Pirates' second consecutive victory over Philadelphia. Stuart's homer came in the eighth with none on. Bill Mazeroski got three hits and scored another run for the Pirates.

## Syracuse Nationals Get Playoff Spot

BOSTON, March 10 (AP)—The Syracuse Nationals assured themselves of a spot in the National Basketball Assn. Eastern Division playoffs today by defeating Boston 94-92 on Bob Harrison's only field goal of the game with five seconds to play.

## Knickerbockers Win, Keep Hopes Alive

NEW YORK, March 10 (AP)—The New York Knickerbockers kept alive their slim hopes of gaining the Eastern Division playoffs in the National Basketball Assn. today by edging the Philadelphia Warriors 104-103 at Madison Square Garden.

Two free throws by Ken Sears with 20 seconds remaining gave the Knicks the game.

The victory left the Knicks a game in back of the Warriors, who dropped to third place behind the Syracuse Nats, who clinched a berth today by beating the division champion Boston Celtics, 94-92, at Boston.

## Minneapolis Lakers Top St. Louis, 117-104

MINNEAPOLIS, March 10 (AP)—The Minneapolis Lakers clinched a playoff berth in the National Basketball Assn. and stalled St. Louis' drive for an undisputed Western Division title with a 117-104 victory over the Hawks today. Clyde Lovellette bagged 32 points for the Lakers.

## Former Teammates Are Principals At Valley, No. Carroll

When Valley High School plays North Carroll High School tomorrow night at Hagerstown in a Maryland Class B game that entitles the winner to a berth in the state championship event at College Park, it will be a reunion for the principals of the schools involved.

Jack Petry, principal of Valley High and Fred Engle, North Carroll principal, played on the same team when they attended Salisbury (Pa.) High School. Engle was graduated in 1927 and Petry received his high school diploma two years later.

Fred Engle is a brother of Charles "Rip" Engle, the well known head football coach at Penn State University. In 1925-26 "Rip" played with the Salisbury Cardinals, an independent basketball team managed by Fred Petry, father of the Valley High School principal.

## Pittsburgh Rifle Team Ties LaSalle For First Place

Central Catholic High School, Pittsburgh, tied LaSalle High School, of Cumberland, for first place in the Christian Brothers Rifle League, by defeating Calvert Hall, Baltimore, in a postal match last weekend by the score of 487-485.

West Catholic, Philadelphia, defeated Central Catholic, Canton, Ohio, in the other match by the score of 494-478.

LaSalle, idle last week, has two more matches on its schedule with Calvert Hall and Central Catholic of Pittsburgh. The standings:

## Jack Scarry, 66, Lenore Wingard's Swim Coach, Dies

Jack Scarry, 66, veteran Homestead, Pa., coach who earned the title "Maker of Champions" three decades ago, died Saturday in Veterans Hospital, Pittsburgh. He had been in ill health for several years.

Scarry earned his greatest fame as a swimming coach during his 23-year career at the old Homestead Carnegie Library.

Among his stars was Lenore Kight Wingard, Olympic swimmer and world record holder in several events. Mrs. Wingard was a native of Froburg.

Scarry also developed several national championship water polo teams.

Final rites will be held Tuesday in Pittsburgh.

## Chisox Win, 6-4

TAMPA, Fla., March 10 (AP)—Chicago's White Sox punched three runs across in the seventh inning today to defeat Cincinnati's Redlegs, 6-4, in the teams' second exhibition game.

Jim Landis led the Sox assault with four straight hits, one of them a two-run double in the seventh. He also scored the first Chicago run after tripling off the rightfield fence in the sixth.

Outfielder Wally Pate accounted for three of the seven Redleg hits, belting two homers over the leftfield fence. But with a chance to tie the score in the ninth, he flied out to centerfielder Larry Doby.

## Art Wall Cops Pensacola Open

Noses Out Thomson For \$2,000 Prize

PENSACOLA, Fla., March 10 (AP)—Art Wall Jr. shot a 66, six-under-par, for a 273 total to beat out Australian Peter Thomson by two strokes in the finals of the \$15,000 Pensacola Open Golf Tournament today.

An eagle three on the 495-yard eighth hole provided Wall with his winning margin. Thomson tried for an eagle on the same hole but ended up with a par five. The victory gave Wall top money of \$2,000.

The 33-year-old Wall, a former Duke University basketball and golf star, had started the round two strokes back of Thomson. The Australian, winner of the past three British opens, faltered on the front nine for a 37, one-over-par, and Wall stepped to the fore.

Wall, from Pocono Manor, Pa., had rounds of 70-68-66-67-23, beating par by 15 strokes. Thomson took second money of \$1,500 with 69-69-67-70-275.

Wall has winnings of \$5,495 for the winter tour tournament circuit. Thomson, who also was nosed out in the Baton Rouge Open by Jimmy Demaret a week ago, has netted \$3,975 in three tournaments during the current pro tour.

## Kansas City Hands Tigers 13-4 Defeat

LAKELAND, Fla., March 10 (AP)—The Kansas City Athletics jumped on rookie southpaw Hal Woodeschick for eight runs in the fourth inning today, sweeping to a 13-4 victory over the Detroit Tigers.

Detroit jumped off to a 4-0 lead, getting three in the first inning off Arnold Portocarrero on a double by Jack Dittmer, a single by Charlie Maxwell and a home run by Al Kaline.

Vic Power and Jim Pisoni hit home runs, each with a man on base. Pisoni also singled in the inning. Curt Roberts tripled and singled and Gus Zernial had a double and a single as the Athletics sent 13 men to bat.

## Giants Nose Out Tribe In Fourth

PHOENIX, Ariz., March 10 (AP)—Gail Harris' single with the bases loaded and two out in the bottom of the tenth inning gave the New York Giants a 9-8 victory over the Cleveland Indians today.

It was the fifth run-batted-in for Harris and his third hit. The Giant first baseman drove in one run in the second inning with a single and then homered with two on in the fifth.

The Giants appeared to have the game sewed up with an 8-2 lead coming into the ninth, but the Indians scored six times to tie up the game and send the action into a 10th inning.

Tribe shortstop Larry Raines banged four hits in five tries, getting three singles and a double.

## Two Youths Recaptured After Escape

### Infirmary Window Bar Is Forced

Fourteen-year-old twin brothers who were being detained in the Detention Quarters of Allegany County Infirmary, escaped from the institution for a short time yesterday.

They were wearing only their night shirts when they ventured into the near-freezing temperature and biting wind.

City Police Detective Thomas J. See, who aided in recapturing the boys about two hours after they gained freedom, said they were being held for transfer to the Maryland Training School for Boys.

### Window Bar Forced

Police said the twins escaped after a bar on one of the windows at the institution had been forced.

They gained freedom about 10:15 a. m. and were last seen, according to Deputy Sheriff Edgar Lewis, walking along Valley Road.

Detective See said the boys headed for the woods on Shriver's Hill, walked barefoot through snow and briars and rough terrain and came out on Hill Street, where they stopped at the home of a resident, Fred Thompson, who furnished them with trousers and notified police.

He and Officer Carl Stouffer took the wandering boys back to the quarters.

### Held In Theft

The twins were among five youths, including another set of twins, who were arrested last Thursday by Frostburg City Police in connection with a burglary at the home of Mrs. Patrick J. McGuire of that community.

Previously they had been arrested by police for stealing about \$10 in cash from school lockers. Authorities told them if they repaid the money they would not be prosecuted.

They agreed to repay the money by last Monday, and in the meantime stole money from the home of Mrs. McGuire to meet the payment. Juvenile Magistrate Morris Baron then sentenced the boys to the training school.

## Md. Conference On Education Due March 30

A number of Western Maryland educators will serve as chairmen of some of the 12 discussion groups which will meet March 30 at an educational conference sponsored by Phi Delta Kappa, the national professional education fraternity, at the College Park campus of the University of Maryland.

Homer S. Higgins, supervisor of pupil personnel in the Allegany County public schools, will be chairman of the discussion on the topic of "Education For Safe Living—Whose Responsibility?"

William M. Brish, superintendent of Washington County public schools, will serve as chairman of another group on the question "How Can School Buildings Be Made More Functional?"

Miss Dorothy W. Shires, formerly of this city and now state supervisor of pupil personnel and parent education, will be the chairman of another discussion group on "Discipline—1957 Concepts."

Robert Rodeheaver, president of the Garrett County Teachers Association, will be chairman of another group discussion on the question "What Constitutes Desirable Working Conditions For Teachers?"

## Rec-Sponsored Groups To Meet

Meetings are planned this week by two clubs and one class sponsored by the City Recreation Department.

The Fort Cumberland Philatelic Society will meet Tuesday at 7:30 p. m. in the Council Chamber at City Hall, according to Brother Nicholas, president.

Featured will be a talk on Easter Seals by Paul Weisenmiller, a member of the club.

The Senior Citizens Club will meet Thursday at 2 p. m. at the Elks Home.

The program will feature St. Patrick's Day activities, Skits, poems and games are on the program.

Membership in the club, for citizens of the city 62 or over, averages about 50.

The Beginners Bridge Class will meet Wednesday at Central YMCA for the sixth in a series of 10 lessons. All 23 who enrolled are still members of the class.

Mrs. Eva Hogan, of the Recreation Department, said copies of "At the Bridge Table" will be available at the meeting.

### To Attend Convention

Mr. and Mrs. Charles C. Irby, of Goldsmit-Black, Inc., city, will attend the 25th annual convention of the National Association of Tobacco Distributors beginning March 24 in Chicago, Ill.

## W. Va. Budget Scheduled For Action Today

### Legislators Will Hold Final Meeting

By HERB LITTLE

CHARLESTON, W. Va., March 10.—The 1957 West Virginia Legislature will reconvene tomorrow for one final meeting to act on a budget bill calling for general revenue fund appropriations totaling nearly 110 million dollars.

With no other business before them, the legislators are expected to approve the budget with a minimum of delay, in time to return to their homes by tomorrow evening. The Senate meets at 9:30 a.m. and the House at noon.

They will be in extended session limited solely to the budget. Saturday midnight was the adjournment deadline for the 60-day session, but a proclamation by Gov. Cecil Underwood provided for an extended session—through Tuesday, if necessary—to allow further time on the budget.

### Requires Proclamation

The state constitution requires the governor to issue such a proclamation of the budget bill has not been acted upon three days before the end of the regular session.

Senate-House conferees did not reach final agreement on a compromise between differing versions of the budget until a late hour last night. Considerable work remained to be done after that before the bill could be brought to the floor for action.

With all other work in both chambers disposed of before midnight, the House was of a mind to wait out the budget bill and hold its extended session in the early morning hours. But the Senate, a minute or two before midnight, adjourned until 9:30 a.m. Monday.

That left the House little choice. Amid considerable grumbling directed at the Senate, the House adjourned a few minutes later. More to spite the Senate than anything else, the House set its reconvening hour at noon.

### Revision Left Hanging

Left hanging was the matter of obtaining from the Board of Public Works an upward revision of the 1957-58 fiscal year, which starts next July 1.

The compromise budget bill calls for spending in excess of the board's original estimate, but three tax bills enacted yesterday gave the Legislature grounds to ask for an increased estimate.

Without an upward revision of the income estimate, the appropriations bill would run afoul of the constitutional prohibition against deficit budgets.

The Senate and House budget conferees met with the board this evening for the purpose of obtaining an increased estimate.

## Local Firefighters Check Four Calls

Four fire calls were checked by city firemen yesterday, three of them being handled by East Side.

At 8:37 a. m. firemen of Engine Company No. 4, East Side were called to 308 Bellevue Heights after a furnace overheated. Damage was minor.

Again at 9:51 a. m. the same company went to 912 Yale Street where a grass fire was checked. It caused little damage.

Another grass fire at the end of Leiper Street was extinguished by East Side in a call received at 3:45 p. m. Meanwhile West Side firemen received a call at 12:24 p. m. to 428 Greene Street after a blaze resulted in a cooking stove. Little damage was reported.

### Stolen Car Found

An auto belonging to Bessie Yankelevitz, of 510 Frederick Street, which was stolen last week from the 100 block of North Centre Street, was reported to have been located yesterday in the vicinity of Memorial Hospital.

## Delegation's Statement Being Prepared

### Teacher's Group Emphasizes Stand

The public statement promised by State Senator Charles M. See and the County Delegation in the House of Delegates concerning their stand on the proposed local bill to correct the annuity discrepancy for teachers' pensions is not expected to be released until later today in Annapolis.

It was understood that the statement was being prepared in Annapolis over the weekend but would not be released until all seven representatives can read and sign it in Annapolis today. Five of the seven returned to Allegany County over the weekend and so could not be in Annapolis until probably sometime this afternoon.

Today is the final day for the introduction of new legislation in either House of the General Assembly without approval of two-thirds of the members for suspension of the rules.

### Issues Statement

Meanwhile, Miss Mary E. Murray, chairman of the Legislative Committee of the Allegany County Teachers Association, issued another statement last night explaining the association's stand on the pension question. Miss Murray's committee was informed last Thursday morning in Annapolis that Senator See and the six Delegates unanimously opposed the proposed local bill to correct the annuity discrepancy.

Referring to the 1927 agreement which set up the annuity, Miss Murray asked: "Who shall fulfill this contract? Governor McKeldin has declared that the responsibility of maintaining the public school system is legally the responsibility of the counties and Baltimore city. County Commissioners William H. Lemmert and James Orr give the impression that they feel the responsibility rests with the state. Both state and county laws, as well as contractual forms signed by teachers with the county authorities, state that it is the joint responsibility of the county and state to provide an educational system for the boys and girls in public schools. The county is obliged to assume, not evade, the responsibility of public education opportunities for the boys and girls in our county by getting, keeping and providing for fulfillment of contracts between the teachers and the county which employs them.

James Hull, 23, of 404 Walnut Street, who is in "satisfactory" condition, sustained severe facial cuts and a severe laceration of the left eye. He complained of left shoulder pains. He was injured when he was thrown against the windshield of the Baker car, in which he was a passenger.

Officer J. Carl Stouffer said Garfield was driving east on Oldtown Road and ran off the right side of the highway. As he attempted to get back on the road, his car went out of control and crossed the road into the path of the car being driven west by Baker.

In the Maryland Avenue collision, the car driven by Patton was traveling south on Maryland Avenue about 4:30 a. m., went out of control, sheared the pole and continued a distance of about 30 feet before it rammed into a parked car owned by Lowell E. Thomas, of Frederick Street.

### Benefit County

"The service which teachers render over the years results in direct benefit to the boys and girls in each county. To say that correction of the annuity deficiency is a state responsibility is hedging inasmuch as the county has already by law assumed \$18,000 a year for retirement of teachers because the state did not provide them with a liveable pension. The precedent already has been set. Not only in Allegany County but in Baltimore City the joint responsibility of the county, county and state governments is evidenced by her correction of the annuity deficiency for her 8,000 teachers.

"Inasmuch as two of the county commissioners have given the teachers the understanding that they have a just cause but that it should be paid by the state, it is a fact that regardless of source the cost to the taxpayer shall be commensurate."

### Charge Is Filed

Officer Harry Iser said Patton was charged with reckless driving and bond was set at \$501.45.

A hearing is slated for March 16. Patton was given a summons at the hospital.

His condition is "good." Attaches said he complained of chest injuries and will be X-rayed.

His companion, Hendershot, who was admitted to the hospital in an unconscious condition has regained consciousness and is in "good" condition. He sustained a deep laceration on the right side of his head and a contusion of the right eye. He also was X-rayed.

Two Pennsylvania girls were admitted to Bedford County Memorial Hospital Saturday following an accident on the Pennsylvania Turnpike.

Admitted to the hospital were Elizabeth Sadler, 18, of Lynwood, Pa., driver of the auto, and Joan Orlando, 19, Ogden, Pa., a passenger.

### Girl Fractures Leg

Deborah Crowe, 6, of Home-wood Addition, was admitted to Memorial Hospital last night after she sustained a fractured right leg while playing at her home.

Someone has well said that the complexion of the entire world could be changed overnight if everyone in it would form the habit — and make it permanent — of thinking of the interests and welfare of others.

The reason why we have troubles and wars that affect the well-being of all is because there are individuals, communities and nations that think only of themselves.

Love for others is basic to the life of our world. For without it we become ingrates and incapable of contributing anything to the welfare of those who follow after us. The moment we begin to disregard the feelings and interests of others about us, we isolate ourselves from the very element of human happiness that is responsible, more than anything else, for our own joy and success.

How can we have a good neighbor policy for our lives? What are some of the elements that make for a genuine concern for others?

## Major Labor Bills Before Legislature

### Unions Favor One Measure, Fight Two

ANNAPOLIS, March 10.—Organized labor makes its big push in the Maryland Legislature this week for major points in a 1957 legislative program.

Labor leaders hope to see passage of a bill to require contractors on state projects to pay the wage scales prevailing in areas where work is to be done and defeat of bills to outlaw the union shop and restrict union activities in strikes and boycotts.

The matters were discussed at a statewide meeting here yesterday of the Maryland-District of Columbia Federation of Labor.

Del. Sickles (D-Prince Georges), a sponsor and leading backer of the prevailing wage bill, told the some 200 State union officials they had better start contacting delegates if they want to enact the prevailing wage bill.

It was involved in a House fight last week after it came out of the Labor Committee with a favorable report and amendments which Sickles said should satisfy any objections to the bill.

Del. Boone (D-Balto County), majority floor leader, tried to get it sent to his Ways and Means Committee for further study. He said the State Roads Commission estimated it would add 23 million dollars to the cost of the 12-year roads program. Other delegates questioned the figure and enough of them sided with Labor Committee members to beat down the motion and move the bill up for passage.

Sickles told the labor leaders that the 59-36 vote on the committee action was no guarantee the bill would pick up the 62 votes needed for passage and added: "Very frankly, you will need to talk to your delegates."

They promised to do so this weekend.

Other Bills To Come Up  
Other labor legislation will be coming up in committee hearings. The Senate Labor Committee has scheduled a public hearing Thursday afternoon on a measure to outlaw the union shop in Maryland, and this one is a prime target of labor leaders.

They'll be in the House Labor Committee on Wednesday to oppose bills which would authorize court injunctions against strikes or lockouts involving a breach of contract and to assess fines for certain picketing and secondary boycott activity.

These are among only a few controversial matters scheduled for airing this week. Other hearings are scheduled on pay increases for school teachers, repeal of the Potomac River compact, proposed merger of Pimlico and Laurel race tracks, and curtailment of the flourishing trading stamp business in Maryland stores.

## Local Woman's Nephew Killed In Plane Crash

### 2 Die When Craft Plummets To Earth

The nephew of a local resident was one of two West Virginia Air National Guard officers killed about noon yesterday when their single-engine T28 trainer crashed a mile southwest of the Martinsburg airport.

The victims, both members of the 167th Fighter Interceptor Squadron, were identified as Capt. Earl Franklin Farmer, 37, of Martinsburg, and Capt. Max Swartz, 34, of Hagerstown, a nephew of Mrs. George Trexler, 309 Central Avenue.

### Was Known Here

She said Captain Swartz had visited Cumberland on various occasions.

A member of the U. S. Air Force during the Korean War, he was married and was an employee of Fairchild Aircraft in Hagerstown.

Captain Farmer, who was the father of six children, was a government employee at Newton D. Baker
